

2010

Distinguished Speaker Series

Nenad Medvidovic

Associate Professor, Computer Science Dept. and
Director, USC Center for Systems and Software Engineering (CSSE)
University of Southern California

***Software Architecture and Mobility: A Perfect Marriage or
An Uneasy Alliance?***

February 26, 2010

Mary Lou Soffa

Dept. Chair, Owens R. Cheatham Professor of Science, Dept. of Computer Science
University of Virginia

Path-Based Fault Correlations

March 5, 2010

Mark D. Gross

Professor, Computational Design, School of Architecture
Carnegie Mellon University

Computational Design: From Sketching to Tangible Interaction

April 23, 2010

Wendy Kellogg

Manager of Social Computing
IBM T. J. Watson Research Center

Social Intelligence for a Smarter Planet

May 14, 2010

**The UCI Institute for Software Research
is generously supported by:**

The Aerospace Corporation
IBM
Intel
Northrop Grumman
